

The Viceroy of New Spain

He says that he will make the necessary arrangements for the Archives of the defunct Company in the ports he visits to be made accessible to Commander Don Alexandro Malaspina.

Most Excellent Sir,

I will arrange for Commander Don Alexandro Malaspina to have free access to the Archives of the defunct Company at the ports he visits, so that he may take from them whatever information he finds useful for the purposes of his voyage around the world ordered by His Majesty, on the specific condition that he returns the original documents recorded to the same Archives; I notify Your Excellency of this in response to His Majesty's royal order of last February that prepares the way for it, in order to bring it to His Majesty's Royal attention.

God keep Your Excellency. ms. as. Mexico
